**Subject: TCCA Acceptance of EASA STC 10060578, Revision 1, dated August 10, 2017**

Dear Sir,

This is in response to EASA e-mail dated June 7, 2018 requesting Transport Canada acceptance of the subject STC.

In accordance with our current policy associated with the review of foreign STCs, some STCs applicable to certain categories of aircraft may be accepted solely on the basis of their foreign certification, and do not require the issue of a corresponding certificate by Transport Canada. The subject STC falls within these criteria.

This STC will be entered in the national index of STCs that have been reviewed and accepted by Transport Canada for installation on Canadian-registered aeronautical products.

This letter confirms formal acceptance of the subject STC by Transport Canada.

Yours truly,

Henry Wong
